STAY OK

ARTIFICIAL INTELLIGENCE FOR WORKER MANAGEMENT

STAY OK TRAINING COURSE LAUNCH

Join us for the release of the STAY OK training course, part of the EU-funded project **STAY OK: Rethinking wellbeing at workplaces in the EU SMEs**.

The session will introduce the STAY OK training curriculum and will include a detailed look at Module 3: **Artificial Intelligence for Worker Management** covering:

- An overview of AI in worker management
- Applications in recruitment and employee performance
- Workplace efficiency and human-machine interactions
- Ethical considerations, including biases

Can't attend? No problem! The course is available online, and you can earn your certificate at your convenience.
